**2010 Magellan Meeting  
Newport, Rhode Island, USA  
Sunday, July 11, 2010 through Weds, July 14,  
2010**

Our 2010 Meeting in Newport, Rhode Island, is on track to be the best Magellan Meeting ever. The location is fantastic. Tom DeBerardino, his wife Heather, my wife Ann, and I visited Newport this past summer. The meeting location is in downtown Newport with easy access to the mansions, the downtown night life, and the waterfront. It will be a fantastic meeting location. We have also lined up some terrific social activities. We plan to have racing on 10 meter yachts that were formerly racing yachts in the America's Cup Series. This should be an exciting, exhilarating, and competitive forum for our Magellan members.

This meeting will take place just prior to the American Orthopaedic Society for Sports Medicine Meeting which will be held in Providence, Rhode Island. Providence is less than 30 minutes from Newport and can be reached by either ground transportation or water ferry. We are looking forward to a fantastic meeting at an incredible site.

Tom DeBerardino and T Moorman are energetically preparing for this meeting. Please contact them with your ideas, questions, and suggestions so that we can make the 2010 Meeting one that we will long remember.

*2009 Mini-Magellan Meeting  
Tuesday, April 7th  
17:00 until 19:00  
Hotel New Otani Osaka  
Osaka, Japan*

*The Magellan Society appreciates the sponsorship of  
our mini-Magellan meeting by*

**Host**  
Yoshi Takeda, M.D.
